

## OffSec's Global Education Partner Program

OffSec, the world's most trusted provider of continuous cybersecurity workforce development and learning, authorizes professors at accredited colleges and universities to include OffSec curriculum in semester-long courses.

Education Partners are provided with instructor training and resources, including an instructor onboarding process, knowledge transfer of OffSec's best practices, and access to OffSec instructor materials. In addition, support is provided for learner registration, reporting and curriculum development. Through OffSec's Partner Program and Partner Portal, partners are provided with the benefits, support and resources they need to succeed.

### Education partner benefits can include:

#### Instructor Authorization & Live-Training Resources

- Special instructor & learner products
- Instructor training & authorization
- Instructor LMS access
- Customized instructor slideware
- Detailed syllabi
- Learner registration support
- Learner cohort reporting

#### Marketing Assets & Activities

- Access to OffSec logos & course icons
- Partner locator inclusion
- Partnership announcement media kit
- Co-brandable collateral
- Campaigns-in-a-box
- Co-marketing activities: white papers, webinars & podcasts

#### Course & Program Planning

- Course planning support
- Joint strategy alignment
- KPI creation/partner portal dashboards
- Best-practice knowledge transfer

#### Communications & Support

- Partner newsletter
- Instructor Discord channels
- Dedicated Customer Success Representative
- Learner mentor support
- Roadmap reviews
