

OffSec's Global Government Partner Program

OffSec, the world's most trusted provider of continuous cybersecurity workforce development and learning, enables government resellers, learning partners, and prime contractors to deliver OffSec products and live trainings to government agencies and institutions.

Utilizing OffSec's readymade Commercial Off The Shelf (COTS) training can quickly fill cyber training gaps and enhance existing knowledge, skills, and abilities with hands-on practical training labs, exams, and certifications.

 **Short term objectives**
To cost-effectively and efficiently fill Offensive Cyber Operations (OCO) and Defensive Cyber Operations (DCO) training gaps with demonstrable performance testing and credible certification from a well-known and highly regarded cyber training organization.

 **Long term objectives**
To develop and measurably improve Cyber Mission Force (CMF) readiness, resiliency, and capability by training the OCO teams nation-state Tactics, Techniques, and Procedures (TTP), and functionally cross-training the DCO on cyber adversaries TTP.

 **Combined Overall Objectives**
To improve CMF OCO/DCO training outcomes by cost-effectively leveraging credible private sector COTS training and certification from OffSec.

Government Learning Partner Benefits:

Provide live, instructor-led classes to military personnel. By attending our OffSec Instructor Bootcamp your OffSec Certified Instructors will be authorized to teach select OffSec courses and be provided all of the resources they need to deliver an interactive, engaging, and hands-on class, including access to OffSec's online labs.
